Hand Towel System

43%*
Paper Saved!

- ✓ Economical
- ✓ Hygienic
- ✓ Reduces Waste
- ✓ Wide range of towelling options

*When compared to Compact Interleaf Towel

Zero Waste.
Zero Contamination.

The Micah Zero Autocut system reduces consumption, while improving hand hygiene.

Perfect for high volume washrooms in commercial environments. Micah Autocut is simple to use for all ages, from schools to food processing and aged care.

Micah Autocut

Micah Autocut outperforms other toweling systems in all areas. Trials have shown that Micah Autocut reduces towel consumption dramatically, when compared to standard Roll Towel and Interleaf towels. The dispenser cuts the towel to just the right length, dispensing one sheet at a time.

Product Key Features.

Economical

- Lockable dispensers eliminate pilferage
- Single portion dispensing reduces consumption
- Ideal for high traffic washrooms

Hygienic

- User only touches the portion taken, helping to reduce cross-contamination
- Eliminates unused towel falling on the floor

Reduces Waste

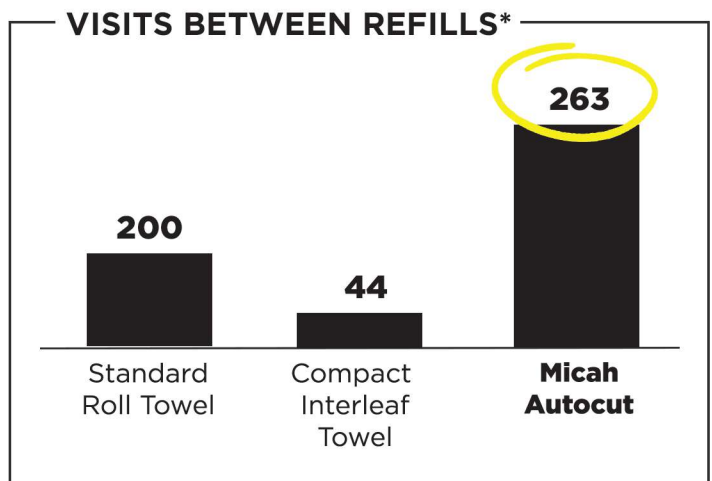

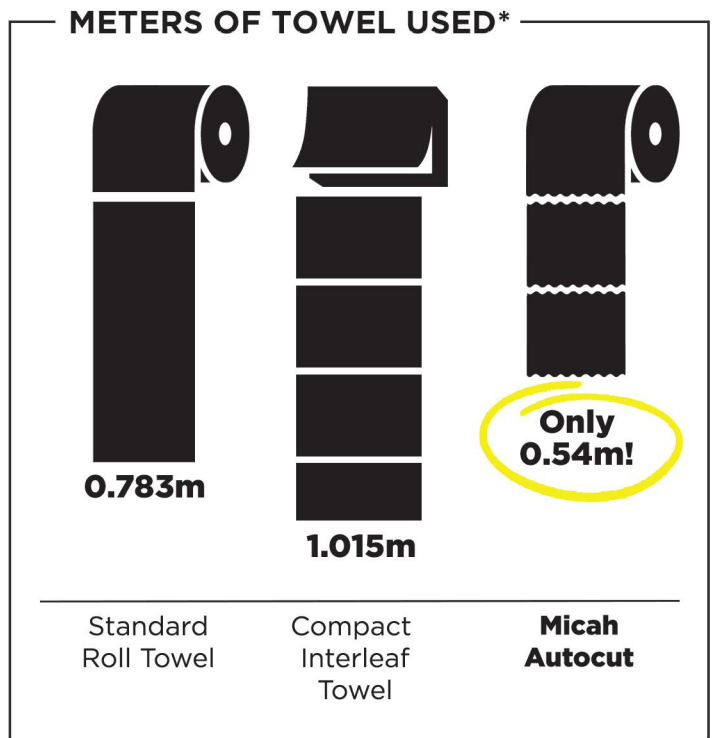

- No clumps of towel causing overuse
- Lasts longer between refills, saving cleaners' time

Range of Options

- Range of refills to suit your budget - 1ply, 2ply, 2ply premium
- White, Blue and Green, perfect for colour coding
- Black or White dispensers to compliment your washroom
